

# Investing for Success

**Under this agreement for 2016  
Coolnwynpin State School will receive \$109 572.00**

## This funding will be used to

- Ensure that in 2016 every student in years 3 and 5 achieves National Minimum Standard in Reading and Numeracy or has an individual plan addressing their area/s of weakness.
- Increase the number of students achieving in the upper two bands in the area of Year 3 reading from 32.4% to 42% (2015 – 2016)
- Shift staff satisfaction related to access to Professional Development from 92% (2015) to 95% (2016).

## Our initiatives include

- The continued implementation and enhancement of a whole school guided reading program.
- Formalised whole school structures which support collaborative inquiry, problem solving and data based decision making related to student learning in the areas of reading and numeracy.
- Reviewing student performance in reading and mathematics through frequent data analysis and end of term collaborative inquiry / evidence based planning sessions.
- Continue building teacher capacity to teach reading and numeracy through collaborative and evidence based practice.

## Our school will improve student outcomes by

Employing a Pedagogical Coach to support the continued development of teacher capacity and collaborative inquiry processes.	<b>\$43 700.00</b>
Employing Teacher Aides to support the whole school Guided Reading Program.	<b>\$16 200.00</b>
Employing Teacher Aides to support numeracy rotations across P - 6.	<b>\$10 672.00</b>
Releasing teachers to engage in full day collaborative inquiry / evidence based planning sessions each term.	<b>\$30 000.00</b>
Purchasing concrete materials to support the teaching of mathematics from P-6	<b>\$7 000.00</b>
Purchasing AAEP time to support the standardisation of Fountas and Pinnell Data Entry	<b>\$2 000.00</b>
